

How to find us

Stenson Boatbuilders have built over 500 narrowboats at Stenson since 1986. The workshops are available for viewing during several weekends during the year. Our first little GEM was introduced in 1992 and has proved an ideal boat for those looking for an easy to handle and economic boat to own, but with the comforts found on larger craft. Options now available allow you to

Visitors are always welcome at Stenson. The family business operate a Trip Boat, the Stenson Lock Coffee Shop and marina - providing an interest for all the family. Stenson staff are available to discuss your boating requirements and offer expert guidance based upon years of providing quality craft for owners enjoyment. .
